HOW TO CREATE YOUR OWN CONTENT

BRIDGING THE BORDERS BETWEEN

CREATE AN ACCOUNT

Start by creating an account. If you already have one then skip this part. We have made it easier for as you can now create an account using your Facebook, Twitter or Google authentication systems.
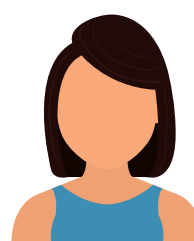

LOGIN

After you created an account you need to login. You can also use the Social Login tools (Facebook, Twitter and Google) that are provided for you.

VIEW PROFILE

You will redirected your account page. Click on the VIEW PROFILE link that is below your profile image icon.

SUBMIT AN ARTICLE

At the bottom of your profile, there is a button with the inscription: SUBMIT AN ARTICLE. Click on the button and a form will appear. Fill in the required fields to make sure your post is pleasing.

*required fields: Post Title, Tags, Category, Content and an Image.

After having made sure you have submitted all the required details in the form, click on the POST button. Always make sure you have agreed to the terms and conditions and also have passed the Captcha Human verification test.

WAIT FOR APPROVAL

Once you have posted your article, it will not go live immediately. The Editorial team will be notified and will have to go through your post before making it public.

ALL POSTS YOU SUBMIT WILL HAVE THE AUTHORS NAME ON THEM. Make sure you have created a good Bio for yourself. You never know who is reading.
